The workshop is organized with the financial
support of Fondazione di Sardegna

Fondazione
di Sardegna

"A red-and-yellow flag identifies this shepherd's house in the Sardinian mountains as a district office in the recent successful campaign against the malaria-carrying mosquito. After four and a half years the mosquito was all but knocked out, the island freed of an age-old scourge."

DDT IN SARDINIA, TAVOLE INTERNE, IN FORTUNE, MARZO 1953.
